PROTÉGÉ

Automatic Patty Forming Machine

Height: 22”
Depth: 20”
Width: 18”
Volts: 115
Motor: 1/3 H.P.
Amps: 13
Weight: 150 lbs
Cycle: 60 standard/ 50 available
Production: 1200 per hour
Mold Plate: up to 3/4” thickness in any shape

FEATURES AND FACTS OF THE PROTÉGÉ:

- Exclusive patented feed
- Forms juicy homestyle aptties
- Simple operation
- Controls cost
- Portions exact shapes
- Interleaves paper
- Automatically stacks
- Save food, time and labor
- Large hopper capacity
- Quick disassembly for easy cleaning
- 2 year parts warranty

QUICK MOLD PLATE CHANGES

The convenient attachment of the connecting arm allows for quick and easy mold plate changes.

UNEQUALLED IN PRICE AND UNPARALLELED IN PRODUCTIVITY

The Protégé’s low cost gives you quicker payback on your investment.

SIMPLICITY AND DURABILITY MEANS LONGEVITY FOR THIS PATTY FORMING MACHINE

The single shaft molding drive has no chains, sprockets, ratchets or timing belts

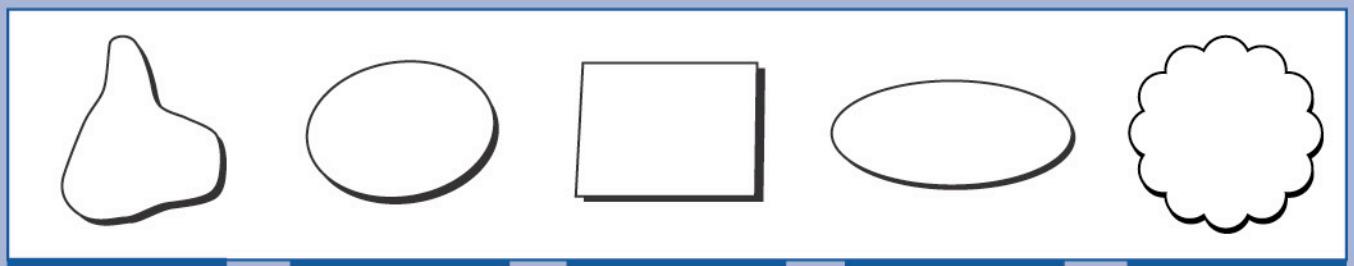

PROTÉGÉ

Automatic Patty Forming Machine

MOLD PLATE SHAPES
