- Three models to meet different ranges of space and capacity requirements.
- Stainless steel body AISI 304 with galvanized back and bottom.
- Strong structure that resists weight of ice machines. The bin maintains appearance, year after year.
- High density polyurethane insulation injected to ensure long lasting ice inside the bin.
- The design of the bin is sanitary and easy to clean.
- The liner is a one seamless piece, rotocast-polyethylene bin, manufactured in a very resistant material, that remains undamaged by ice drop, scratches, knocks or scuffs.
- Bin bottom design enhanced for quick and easy drain.
- Rotating drain connection.
- Door and seals designed to avoid heat coming into the bin, resisting unwanted outside ambient temperatures, helps maintain ice storage longevity.
- 6" Adjustable legs included.
- NSF approved.
- Warranty: 24 months parts and labor
